

# District Goals

## 2017 - 2018

**Goal 1:** Create a culture of wellness and mindfulness to provide tools for teachers to help students improve attention, strengthen emotional resiliency and develop coping skills.

**Goal 2:** Conduct a comprehensive analysis of the teacher evaluation process and develop targeted training opportunities within each school.

**Goal 3:** Conduct a review of current opportunities to support leadership and financial literacy for students that will better prepare them for post-secondary life skills and careers.
