November 11, 2020

Dear Parents/Guardians:

Today, school administrators made the decision to end the season of three Point Pleasant Borough High School athletic teams due to individuals from each team testing positive for COVID-19. The programs affected are Varsity and Junior Varsity Football, Boys Varsity Soccer and the Girls Cross Country team. Parents of affected students in each program have been notified and advised of the specified number of days that their child must remain in quarantine. We will continue to be in contact with the Ocean County Health Department and take the necessary steps to protect the health and safety of the entire Point Pleasant School Community.

As the district is notified of new cases and exposure to positive COVID-19 individuals, the administration is taking all the necessary precautions to notify the parents of the students directly affected. All parents should continue to enforce social distance restrictions. Increased numbers of positive cases and exposures within the school community could force the district's return to full-time remote learning.

I ask that everyone considers the health and safety of students, staff, families and community and avoids restricted activities during this unprecedented time.

Sincerely,

A handwritten signature in black ink that reads "Vincent S. Smith".

Vincent S. Smith
Superintendent of Schools
